Unit Award Scheme. The Unit Award Scheme (UAS) is a unique recording of achievement scheme, rather than a qualification. It offers learners the opportunity to have their achievements formally recognised with a certificate each time a short unit of learning is successfully completed. There are no limits on: what can be accredited, as long as it is worthwhile and meaningful for the learner.

Generally, GCE units consist of just one component so no scaling is necessary. In these instances the scaled mark grade boundaries are the same as the raw mark grade boundaries. Where units consist of two components the sum of the component grade boundaries is equal to the overall unit grade boundary.
