Used Suzuki VS 1400 Intruder (VS1400) parts

Although early Intruder 1400s laid down quarter-mile performances in the high 12-second bracket with terminal speeds around 100 mph, our '96 machine turned in a best of just 13.71 seconds with a terminal speed of 93.2. We assumed that Suzuki had fitted calmer cams or made some other change along the way.

With a pedigree going back over ten years, The DefinitiveHandbook of Business Continuity Management can rightly claim tobe a classic guide to business risk management and contingencyplanning, with a style that makes it accessible to all businessmanagers. Some of the original underlying principles remain thesame ▯ but much has changed. This is reflected in thisradically updated third edition, with exciting and helpful newcontent from new and innovative contributors and new case studiesbringing the book right up to the minute. This book combines over 500 years of experience from leadingBusiness Continuity experts of many countries. It is presented inan easy-to-follow format, explaining in detail the core BCactivities incorporated in BS 25999, Business ContinuityGuidelines, BS 25777 IT Disaster Recovery and other standards andin the body of knowledge common to the key business continuityinstitutes. Contributors from America, Asia Pacific, Europe, China, Indiaand the Middle East provide a truly global perspective, bringingtheir own insights and approaches to the subject, sharing bestpractice from the four corners of the world. We explore and summarize the latest legislation, guidelines andstandards impacting BC planning and management and explain theirimpact. The structured format, with many revealing case studies,examples and checklists, provides a clear roadmap, simplifying andde-mystifying business continuity processes for those new to itsdisciplines and providing a benchmark of current best practice forthose more experienced practitioners. This book makes a massive contribution to the knowledge base ofBC and risk management. It is essential reading for all businesscontinuity, risk managers and auditors: none should be withoutit.

A revolutionary new way to understand America's complex cultural and political landscape, with proof that local communities have a major impact on the nation's behavior-in the voting booth and beyond. In a climate of culture wars and tremendous economic uncertainty, the media have often reduced America to a simplistic schism between red states and blue states. In response to that oversimplification, journalist Dante Chinni teamed up with political geographer James Gimpel to launch the Patchwork Nation project, using on-the-ground reporting and statistical analysis to get past generalizations and probe American communities in depth. The result is Our Patchwork Nation, a refreshing, sometimes startling, look at how America's diversities often defy conventional wisdom. Looking at the data, they recognized that the country breaks into twelve distinct types of communities, and old categories like "soccer mom" and "working class" don't matter as much as we think. Instead, by examining Boom Towns, Evangelical Epicenters, Military Bastions, Service Worker Centers, Campus and Careers, Immigration Nation, Minority Central, Tractor Community, Mormon Outposts, Emptying Nests, Industrial Metropolises, and Monied Burbs, the authors demonstrate the subtle distinctions in how Americans vote, invest, shop, and otherwise behave, reflect what they experience on their local streets and in their daily lives. Our Patchwork Nation is a brilliant new way to debate and examine the issues that matter most to our communities, and to our nation.

The dramatic arc of Saigo Takamori's life, from his humble origins as a lowly samurai, to national leadership, to his death as a rebel leader, has captivated generations of Japanese readers and now Americans as well - his life is the inspiration for a major Hollywood film, The Last Samurai, starring Tom Cruise and Ken Watanabe. In this vibrant new biography, Mark Ravina, professor of history and Director of East Asian Studies at Emory University, explores the facts behind Hollywood storytelling and Japanese legends, and explains the passion and poignancy of Saigo's life. Known both for his scholarly research and his appearances on The History Channel, Ravina recreates the world in which Saigo lived and died, the last days of the samurai. The Last Samurai traces Saigo's life from his early days as a tax clerk in far southwestern Japan, through his rise to national prominence as a fierce imperial loyalist. Saigo was twice exiled for his political activities -- sent to Japan's remote southwestern islands where he fully expected to die. But exile only increased his reputation for loyalty, and in 1864 he was brought back to the capital to help his lord fight for the restoration of the emperor. In 1868, Saigo commanded his lord's forces in the battles which toppled the shogunate and he became and leader in the emperor Meiji's new government. But Saigo found only anguish in national leadership. He understood the need for a modern conscript army but longed for the days of the traditional warrior. Saigo hoped to die in service to the emperor. In 1873, he sought appointment as envoy to Korea, where he planned to demand that the Korean king show deference to the Japanese emperor, drawing his sword, if necessary, top defend imperial honor. Denied this chance to show his courage and loyalty, he retreated to his homeland and spent his last years as a schoolteacher, training samurai boys in frugality, honesty, and courage. In 1876, when the government stripped samurai of their swords, Saigo's followers rose in rebellion and Saigo became their reluctant leader. His insurrection became the bloodiest war Japan had seen in centuries, killing over 12,000 men on both sides and nearly bankrupting the new imperial government. The imperial government denounced Saigo as a rebel and a traitor, but their propaganda could not overcome his fame and in 1889, twelve years after his death, the government relented, pardoned Saigo of all crimes, and posthumously restored him to imperial court rank. In THE LAST SAMURAI, Saigo is as compelling a character as Robert E. Lee was to Americans-a great and noble warrior who followed the dictates of honor and loyalty, even though it meant civil war in a country to which he'd devoted his life. Saigo's life is a fascinating look into Japanese feudal society and a history of a country as it struggled between its long traditions and the dictates of a modern future.

The incredible true story of Tiger Woods's dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as ▯the greatest closer in history▯ before he fell further than any beloved athlete in America's memory, Tiger swung at the world's wildest expectations and beat the skeptics with his April 2019 Masters championship. Roaring Back traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times▯bestselling author Curt Sampson details the highs and lows of Woods's career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron▯to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report . . . finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods's defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Siltan, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. ▯Sampson admirably details all the highs and lows.▯▯Jim Nantz, CBS Sports
