morality or public ethics) is the practice of making moral judgments about political action, and the study of that practice. As a field of study, it is divided into two branches, each with distinctive problems and with different though overlapping literatures. One branch, the ethics of process (or the ethics of office), focuses on public officials and the methods they use.

Political ethics (also known as political morality or public ethics) is the practice of making moral judgements about political action and political agents. It covers two areas. The first is the ethics of process (or the ethics of office), which deals with public officials and the methods they use. The second area, the ethics of policy (or ethics and public policy) concerns judgments about policies and laws.
