File Type PDF Building

Like most Balsa
kits, guidance
for building the
ElectriCub comes
from a step-by-
step assembly
manual and full-
size printed
plans. The
manual tells you
what to do while
the plans define
what everything
should look

File Type PDF Building

like. Many assembly steps require you to apply wax paper over the plans and pin the balsa parts into position before gluing them together.

Building

layer of 1/8?"

when
appropriate.

3/8? balsa also
takes a pretty
severe beating
in the laser
cutter if it's
too hard, but
sometimes I have
3/8? balsa that
is of the right
consistency for
good cutting.

*Buy Laser Short
Kits | The Balsa
Workbench*

There are several laser cut parts that needed to be removed from the thick balsa sheets. I started by pinning the center section

File Type PDF

Building

and trailing Balsa

Cut Parts
edge of the
stabilizer in
place with T-
pins. Similar to
the fuselage, I
pinned the outer
pieces in place
first, then
glued them
together with
the Titebond
wood glue.
