**Brent** a wealth of data hidden within each candle, the patterns form the basis for many a trade or trading strategy. Here we explain the candlestick and each element of the candle itself. Then we explain common candlestick patterns like the doji, hammer and gravestone.

## Candlestick Charts Explained - Trading the Patterns

One of the most popular candlestick patterns for trading forex is the doji candlestick (doji signifies indecision). This reversal pattern is either bearish or bullish depending on the previous candles. It will have nearly, or the same open and closing price with long shadows. It may look like a cross, but it can have an extremely small body. You will often get an indicator as to which way the reversal will head from the previous candles.

## Patterns For Day Trading - Best Chart And Candlestick ...

The candlestick formations illustrated below are especially helpful in trading binary options because they signal an upcoming correction or a change of trend. 1. The Doji. The length of a Doji may vary but a perfect one would be with the same opening and closing price, so visually as thin as a thin line. If a Doji appears in a sideways market it is insignificant but if it appears alone and at the peak of a trend, a watchful binary options trader should take notice and prepare for a sudden ...
