onelight. It is about 'Raman' being an Observer to the Divine Voice which was guiding the Author in poetic form and the manifestation of the Divine words in the physical plane (i.e. The author has been receiving guidance's in poetic form telepathically and then incidents related to it have materialized on the physical plane. So the miracles have been proved with photographs attached to it.) Divine Nirmal Guruji Maharaj made 'Raman' along with the Devotees (namely the Sangat), become aware of one God i.e. the light and 'Ek Omkar', and experience the manifestations as and when the Divine words were dictated to 'Raman' all the while throughout her Journey of life thus proving to 'Raman' and the Sangat that they were not hallucinating by providing them with photographs and hence blessed all of them and bless all who read about them, THE MIND CAN HALLUCINATE BUT A CAMERA DOES NOT. Raman's Telepathic Connection began with her Divine Nirmal Guruji Maharaj when he was Alive and remained even after he took 'MahaSamadhi' and also appeared in front of her proving himself to be THE DEATHLESS GURU. These 'Vaanis' have been dictated to Raman from both the sides of the Beloved and the Lover. Raman started Realizing that the lyrics were expressing the true feelings of her soul for her Divine Nirmal Guruji Maharaj in the most beautiful manner. Raman began having a strong feeling of recognition and connectivity with the feelings related to these Lyrics leaving her in an amazed state of mind every time a 'Vaani' was dictated to her. Raman finally falls in love with the Divine himself not realizing when and how love overtook all her questioning and confused senses. Further it is mentioned in the book where required that the readers can see videos of the incidents as explained in the book on the webpage [gurujimaharaj-ki-vani.info](http://gurujimaharaj-ki-vani.info)

noisy and cluttered environment. Success is neither a miracle nor a mystery. It is the natural outcome of consistently applying certain principles on an ongoing basis. Success does not depend upon special skills, formal education or superior intelligence. Success is a matter of understanding and acting upon principles that have been in existence for centuries. These principles may be simple in themselves but none of them will work unless they are put into firm and decisive action. This book effectively teaches not only the principles of success but also how to avoid expensive and demoralising mistakes. The principles themselves are universal, cutting across country, culture and religion. Diligently practising them will help you develop confidence and allow your life to become more meaningful and rewarding. Applying these principles may require a lot of self-discipline and commitment but, once learned and applied, the results can be rewarding and gratifying. If you want to be successful and happy, then become a student and study the life of successful people in depth; if you want to become wealthy, then study the principles of acquiring wealth. Learning to make a living and learning to live are two different things. This book helps you design a more meaningful life, by making positive choices and avoiding the most common pitfalls. Acquiring facts is knowledge; interpreting facts is understanding; and the proper application of facts is wisdom. This book by Shiv Khera is designed to help you create an action plan to optimize your potential - in other words, to achieve more.
