Downsizing in America: Reality, Causes and Consequences ...

In the 1980s and early 1990s, a substantial number of U.S. companies announced major restructuring and downsizing. But we don't know exactly what changes in the U.S. and global economy triggered this phenomenon. Little research has been done on the underlying causes of downsizing.

Downsizing in America: Reality, Causes, and Consequences ...

The only arena in which downsizing predominated appears to be the manufacturing sector-less than 20 percent of the U.S. workforce. Downsizing in America offers a range of compelling hypotheses to account for adoption of downsizing as an accepted business practice. In the short run, many companies experiencing difficulties due to decreased sales, cash flow problems, or declining securities prices reduced their workforces temporarily, expanding them again when business conditions improved.

Causes And Consequences " Uploaded By Stan and Jan Berenstain, downsizing in america one of the most comprehensive analyses of the subject to date confronts all these questions exploring three main issues the extent to which firms actually downsized the factors that triggered changes in firm size

Downsizing In America Reality Causes And Consequences [PDF ...

Downsizing in America shows that reducing employee rolls increased profits, since downsizing firms spent less money on wages relative to output, but it did not increase productivity. Nor did unions impede downsizing. The authors show that unionized industries were actually more likely to downsize in order to eliminate expensive union labor.
