Embodying the MonsterEncounters with the Vulnerable Self. Written by one of the most distinguished commentators in the field, this book asks why we see some bodies as 'monstrous' or 'vulnerable' and examines what this tells us about ideas of bodily 'normality' and bodily perfection. Drawing on feminist theories of the body, biomedical discourse and historical data, Margrit Shildrick argues that the response to the monstrous body has always been ambivalent.

SAGE Books – Embodying the Monster: Encounters with the...

The concept of the monstrous and the figure of the monster have haunted western history from its earliest records. Whether in the popular cultural legacy of ancient Greek myth, in travellers' tales of early imperialist and colonialist encounters, in the so-called freak shows, and the enduring tradition of horror stories and films, or in the more rarefied context of the medical theory of the ...
