Hold 'em And General
Poker Concepts By Feeney
John Author On May 01
2000 Paperback

have a collection of essays which relate Feeney's thoughts about poker and the folks who play it. This book is divided into five sections. After some introductory material, Part One begins covering what Feeney calls "Technical Points". These essays cover a variety of subjects, and I don't really know what the section title refers to.

Review of Inside the Poker Mind

The subtitle of this book, "Essays on Hold 'em and General Poker Concepts," is more accurate, since it reads like a follow-up to the also-excellent "Theory

Poker Concepts By Feeney

I find the title of this
book to be slightly

misleading: "Inside the
Poker Mind" is a collection
of essays on what NOT to do
as a poker player (e.g. do
not get smug and play weak
cards, do not go on tilt, do
not overestimate your odds,
do not play beyond your
means, do not take bad beats
personally, etc.).
