I've been researching a good 25 key mono synth for awhile now and when I found this great deal I had to jump on it and I'm sure glad I did this thing is a great synth I've already used it in a live ...

### Korg Monologue 25-Key Monophonic Analog Synthesizer with 80 Presets, Red

[Jan]'s current project is the Minimo miniature monophonic synth that takes the Solina a step further and adds a lowpass filter with (digital) resonance to it. The resulting sounds are great ...

Electronic music instruments weren't called synthesizers until the 1950s, but their lineage began in 1919 with Russian inventor Lev Sergeyevich Termen's development of the Etherphone, now known as the Theremin. From that point, synthesizers have undergone a remarkable evolution from prohibitively large mid-century models confined to university laboratories to the development of musical synthesis software that runs on tablet computers and portable media devices. Throughout its history, the synthesizer has always been at the forefront of technology for the arts. In *The Synthesizer: A Comprehensive Guide to Understanding, Programming, Playing, and Recording the Ultimate Electronic Music Instrument*, veteran music technology journalist, educator, and performer Mark Vail tells the complete story of the synthesizer: the origins of the many forms the instrument takes; crucial advancements in sound generation, musical control, and composition made with instruments that may have become best sellers or gone entirely unnoticed; and the basics and intricacies of acoustics and synthesized sound. Vail also describes how to successfully select, program, and play a synthesizer; what alternative controllers exist for creating electronic music; and how to stay focused and productive when faced with a room full of instruments. This one-stop reference guide on all things synthesizer also offers tips on encouraging creativity, layering sounds, performance, composing and recording for film and television, and much more.

A comprehensive product directory of the synthesizer, samples, home keyboard, workstation and digital piano. It presents the top 100 instruments, the designers, sales figures, scandals, setbacks and triumphs, with reviews, specifications and a price guide.

Looks at the history of Africa since 1935 and Africa's relations with other continents during that time period.

Hailed as an “indispensable” guide (Forbes), *How to Make It in the New Music Business* returns in this extensively revised and expanded edition. When *How to Make It in the New Music Business* hit shelves in 2016, it instantly became the go-to resource for musicians eager to make a living in a turbulent industry. Widely adopted by music schools everywhere and considered “the best how-to book of its kind” (Music Connection), it inspired thousands to stop waiting around for that “big break.” Now trusted as the leading expert for “do it yourself” artists, Ari Herstand returns with this second edition, maintaining that a stable career can be built by taking advantage of the many tools at our fingertips: conquering social media, mastering the art of merchandising, embracing authentic fan connection, and simply learning how to persevere. Comprehensively updated to include the latest online trends and developments, it offers inspiring success stories across media such as Spotify and Instagram. The result is a must-have for anyone hoping to navigate the increasingly complex yet advantageous landscape that is the modern music industry.

A small Georgia town, filled with a curious assortment of losers, anticipates the promise of bizarre new possibilities with the upcoming rattlesnake hunt

In parallel to the printed book, each new volume is published electronically in LNCS Online.

Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below.Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school.A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game?Only revenge?Only a dare?Or is it something more?This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised.Kinks/Fetishes within: erotic humiliation, fearplay, painplay, knifeplay, consensual non-consent (CNC), orgasm denial, boot worship, spanking, crying, blowjobs, clowns, group sexual activities, spit, bondage, public play, bloodplay.
