Now in its third edition, this highly readable, non-technical introduction to the essential microeconomic principles is perfect for business managers. The new edition retains its global focus and economic rigor, with an emphasis on the role of information in decision-making. The text has been extensively updated and rewritten to include new and recent cases and examples from a multitude of countries and economic systems, applied to managerial situations. Utilizing economic analysis to spotlight topics in accounting, finance, human resources, and marketing, Managerial Economics, 3e employs a simple, pedagogic model, providing the most up-to-date and relevant foundation in the field. Written for managers rather than economists Each chapter begins with a real-world mini-case. Chapters are reinforced with progress checks, review questions, and discussion questions New coverage of oligopoly, time value of money, behavioral economics, experience curve, R&D strategy, and more Uses mathematics only where necessary Extensive online resources are available at

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

This widely adopted and well-established book, now in its Third Edition, provides the students of management and engineering with the latest techniques in production and operations management, considered so vital for maximizing productivity and profitability in business. What distinguishes the text is a comprehensive coverage of topics such as contract laws,
