In Tea with milk, Allen Say speaks eloquently about the cross cultural conflict between traditional Japanese values and American values. Using his trademark beautiful watercolor images to support the text, Say tells the story of a young girl, May, who was raised in San Francisco but moves to Japan with her mother and father who are returning home.

At home in San Francisco, May speaks Japanese and the family eats rice and miso soup and drinks green tea. When she visits her friends' homes, she eats fried chicken and spaghetti. May plans someday to go to college and live in an apartment of her own. But when her family moves back to Japan, she soon feels lost and homesick for America. In Japan everyone calls her by her Japanese name, Masako. She has to wear kimonos and sit on the floor. Poor May is sure that she will never feel at home in this country. Eventually May is expected to marry and a matchmaker is hired. Outraged at the thought, May sets out to find her own way in the big city of Osaka. With elegant watercolors reminiscent of Grandfather's Journey, Allen Say has created a moving tribute to his parents and their path to discovering where home really is. The accompanying story of his mother and her journey as a young woman is heartfelt. Tea with Milk vividly portrays and effectively captures the graceful formality of Japan.

After growing up near San Francisco, a young Japanese woman returns with her parents to their native Japan, but she feels foreign and out of place with the many traditions of her new home. By the author of Grandfather's Journey. 25,000 first printing.

When he was a young man, Allen Say's grandfather left his home in Japan to explore the world. He began his journey by crossing the Pacific Ocean on a steamship, then wandered the deserts, farmlands, and cities of North America. Allen Say lovingly tells the story of his own family's cross-cultural history in elegant watercolor paintings that earned him a Caldecott Medal in 1994. This twentieth-anniversary edition of the modern classic features read-aloud audio and an introduction by Allen Say.

The amazing tricks two American soldiers perform on a borrowed bicycle are a fitting finale for the school sports day festivities in a small village in occupied Japan.

In a story of warmth and surprise, Allen Say explores the origins of artistic inspiration. Elegant illustrations portray the journey of a child who discovers that creativity ultimately comes from within.

In his Caldecott acceptance speech for GRANDFATHER'S JOURNEY, Allen Say told of his difficulty in separating his dreams from reality. For him this separation was not as important as finding a meaning behind the contradictions and choices we all must make in life and their consequences. Early one morning a boy comes into town, hungry, and looking for work. He meets a sign painter who takes him on as a helper. The boy yearns to be a painter. The man offers him security. The two are commissioned to paint a series of billboards in the desert. Each billboard has one word, Arrowstar. They do not know its meaning. As they are about to paint the last sign, the boy looks up and sees in the distance a magnificent structure. Is it real? They go to find out. Through a simple text and extraordinary paintings, the reader learns of the temptation of safe choices and the uncertainties of following a personal dream. Here Allen Say tells a haunting and provocative story of dreams and choices for readers of all ages.

The Kamishibai man used to ride his bicycle into town where he would tell stories to the children and sell them candy, but gradually, fewer and fewer children came running at the sound of his clappers. They were all watching their new televisions instead. Finally, only one boy remained, and he had no money for candy. Years later, the Kamishibai man and his wife made another batch of candy, and he pedaled into town to tell one more story—his own. When he comes out of the reverie of his memories, he looks around to see he is surrounded by familiar faces—the children he used to entertain have returned, all grown up and more eager than ever to listen to his delightful tales. Using two very different yet remarkable styles of art, Allen Say tells a tale within a tale, transporting readers seamlessly to the Japan of his memories.

As a young Japanese boy recovers from a bad chill, his mother busily folds origami paper into delicate silver cranes in preparation for the boy's very first Christmas.

As a girl, Alice loved to dance, but the rhythms of her life offered little opportunity for a foxtrot, let alone a waltz. World War II erupted soon after she was married. Alice and her husband, along with many other Japanese Americans, were forced to leave their homes and report to assembly centers around the country. Undaunted, Alice and her husband learned to make the most of every circumstance, from their stall in the old stockyard in Portland to the decrepit farm in the Oregon desert, with its field of stones. Like a pair of skilled dancers, they sidestepped adversity to land gracefully amid golden opportunity. Together they turned a barren wasteland into a field of endless flowers. Such achievements did not come without effort and sacrifice, though, and Alice often thought her dancing days were long behind her. But as her story testifies, life is full of changes . . . In this striking book, Allen Say introduces readers to the remarkable story of the life of a woman whose perseverance and resilience serve as an inspirational reminder that dreams can be fulfilled, even when least expected.

Luke and his father, who is disgusted by the tourists surrounding the once secluded lake of his childhood, hike deeper into the wilderness to find a "lost lake" of their own.
