A century ago, Vienna and Budapest were the capital cities of the western and eastern halves of the increasingly unstable Austro-Hungarian empire and scenes of intense cultural activity. Vienna was home to such figures as Sigmund Freud, Gustav Klimt, and Hugo von Hofmannsthal; Budapest produced such luminaries as Béla Bartók, Georg Lukács, and Michael and Karl Polanyi. However, as Péter Hanák shows in these vignettes of Fin-de-Siècle life, the intellectual and artistic vibrancy common to the two cities emerged from deeply different civic cultures. Hanák surveys the

urban development of the two cities and reviews the effects of modernization on various aspects of their cultures. He examines the process of physical change, as rapid population growth, industrialization, and the rising middle class ushered in a new age of tenements, suburbs, and town planning. He investigates how death and its rituals--once the domain of church, family, and local community--were transformed by the commercialization of burials and the growing bureaucratic control of graveyards. He explores the mentality of common soldiers and their families--mostly of peasant origin--during World War I, detecting in letters to and from the front a shift toward a revolutionary mood among Hungarians in particular. He presents snapshots of such subjects as the

Budapest, however, was a dense city surrounded by factories, whose cultural leaders referred to the offices and cafés where they met as "workshops." These differences were reflected, he argues, in the contrast between Vienna's aesthetic and individualistic culture and Budapest's more moralistic and socially engaged approach. Like Carl Schorske's famous *Fin-de-Siècle Vienna*, Hanák's book paints a remarkable portrait of turn-of-

planted during cool conditions (instead of waiting until the warmth of spring). Forget “Some Like It Hot,” she advises, and give them a cool start. Plant them in the right spot at the right time, nestle their roots deep into rich organic soil, and stand back. In no time at all, you'll have a low-maintenance, vibrant spring flower garden that keeps on blooming when other annuals are dead and gone.

collaboration with composer Lucy Simon, achieved Broadway success with the moving book and lyrics she adapted from Frances Hodgson Burnett's beloved 1911 novel, *The Secret Garden*. The story of 10-year-old orphan Mary Lennox and her search for friendship, love and an understanding of the past in her lonely uncle-guardian's locked garden has often been dramatized for the stage, the screen, radio and television, but never before has it been so fully and imaginatively realized.
