Thirst For Water
~~Thirst: Water and
Power in the
Ancient World by
Steven Mithen~~

The planet faces a 21st-century global water crisis - but to what extent is this really new? Past societies and ancient civilisations have always faced climate change and

Where To Download

been dependent on their ability to harness and manage a water supply.

This has often been a key driver of historical change leading to some of the most remarkable engineering projects of the ancient world.
