The Art of Timetabling: Principles and priorities ...

In a previous school, circle time followed potty time and children who had already gone potty played with puzzles at circle until everyone had had their turn in the bathroom. You don't need to use an independent activity but having a predictable routine going into circle time like a song you play or sing to signal it's time to come together helps make for an easy transition.

Students commute to school via bike, car, bus, or train. Because schools are centralized, some students live hours away while others only need a 15-minute walk. For this reason, students wake up at around 6:30 – 7AM to get ready for their school day. Those who live far away tend to rent boarding (dorms) from the high school at a low cost.
